Communication Strategy

Effective communication is critical for translating complex data into actionable business insights. For this individual project, communication focuses on delivering clear visual analytics to stakeholders and maintaining organized project documentation.

Communication Category	Strategy / Details
Target Audience	Automotive Strategy Executives, Supply Chain Managers, and Market Analysts.
Key Message / Objective	To clearly communicate global EV market trends, battery performance metrics, and price-to-range correlations to support data-driven decision-making.
Primary Medium (Data)	Tableau Public Dashboard and 6-point Tableau Story used to visually present findings without requiring stakeholders to have deep technical data skills.
Documentation Channels	Google Docs (Project Reports, Empathy Maps, Architecture Plans) used for asynchronous stakeholder review and project tracking.
Presentation & Demo	Screen-recorded video demonstration (via Zoom/Loom) explaining the dashboard functionality, data flow, and key business insights.
Feedback Loop	Self-iterative reviews and simulated stakeholder feedback incorporated into dashboard layout refinements, intuitive filters, and clear tooltips.
